- Reviews: N/A% (0)

## External Research

### Reddit Insights:

- Subreddit: r/None
- Top discussions: 0 found

### HowLongToBeat:

- Data found: No

### Launch Window:

- Conflicts detected: 0

## Client Context

- **Team Size:** 3 (micro)
- **Budget Tier:** Limited
- **Launch Status:** Post-Launch

- **Main Concerns:** Pricing strategy, launch timing, visibility
- 

## Strategy Call Notes

Strategy Call Notes - January 5, 2025

Client Emotional State: Anxious but motivated

Key Concerns:

- Worried the capsule image isn't standing out vs competitors
- Concerned about launching in March (busy season?)
- Not sure if \$29.99 is the right price point
- Limited marketing budget

Wishlist Status:

- Currently at 2,500 wishlists
- Growth has slowed in the past month

Client's Target Audience:

- Fans of story-driven RPGs
- Players who enjoyed The Witcher 3 and Cyberpunk 2077
- Target age: 18-35

Additional Context:

- First game from this studio
- Team of 3 working full-time for 2 years
- No publisher, self-funded
- Plan to launch on Steam first, then Epic/GOG later

Priority Overrides:

- Client is most worried about pricing (mentioned 3 times)
  - Needs reassurance on launch timing
  - Store page optimization is critical (low wishlist velocity)
- 

## Next Steps

This is a **Phase 1 placeholder report** showing all collected data.

**Phase 2** will use Claude AI to generate the full 9-section audit:

1. Compliance Audit
2. Store Page Optimization
3. Regional Pricing Strategy
4. Competitive Analysis
5. Launch Timing Analysis
6. Implementation Roadmap
7. First-Year Sales Strategy
8. Multi-Storefront Strategy
9. 90-Day Post-Launch Catalogue Management

**Phase 3** will export this as a beautifully formatted PDF.
